

DE Engineers Engine Drive and PTO Bulldog plants are built to drive 15" field bins augers without belt slippage by using our unique "over-centre" belt tensioner and are strong enough to stop and start 15" Field Bin augers when full.

Bulldog Plants:

PTO drive units are standard with hydraulics to operate the hydraulic wheel lift on field bins and can be fitted with our remote control "Electro Clutch" (pat pending).

Price \$10,800+gst

Engine Drive Field Bins:

DE Engineers 'Engine Driven' stand-alone Field Bins are fitted with a 35hp Kohler petrol engine, hydraulic power pack.

Price \$10,800+gst

These units can also be fitted with our remote control "Electro Clutch" (pat pending). \$2,135 + gst
