DE Engineers use actual
bushel capacities when cal-
culating silo volumes.
ie: 1 Bushel=0.036m3

Delivery charges:

Truck & trailer @ \$4.00/km + GST (one way)

Escort vehicle is required for silos over 3.5m in diameter @ \$2.25/km + GST (one way).

Minimum delivery charge \$4.00 + GST plus escort charges if required. in diameter.

Continuous improvements to our product range may result in changes in design, price and or specifications may occur .

NB/-Large silos can hold more grain due to compaction (this may be why some manufacturers quote larger bushel capacities on their silos)
