Rural Silos:

Please note: DE Engineers use actual bushel capacities when calculating silo volumes.ie: 1 Bushel=0.36m³

Delivery charges:

Shared freight for silos up to 4.5m wide = \$3.50/km per silo, 5.0m diameter silos = \$9.00/km (includes pilot vehicles)

Continuous improvements to our product range may result in changes in design, price and or specifications may occur .

NB/-Large silos can hold more grain due to compaction (this may be why some manufacturers quote larger bushel capacities on their silos)
